

Durg - Dhakoba 22nd Oct 2023

In the mountain ranges of Naneghat and Jivdhan, lies the forts of Durg and Dhakoba. To the south of Naneghat and Jivdhan is Dhakoba, while Durg stands behind it. Both these forts are situated in quite a deserted area.

History: There are no prominent structures on Durg fort. We can just imagine that it was used as a military base.

Dhakoba fort was mainly built as a watch tower to keep a vigil on the trade routes passing by Vaishakhare to the ghat regions across the mountains.
